

Dear Hiring Manager,
Good Morning

My name is Karandeep Virk and I moved to Vancouver last week permanently. I have 3 years of experience working as a Programmer and Designer in React, Angular and WordPress Development at Navigator Multimedia Kelowna BC.

I have developed WordPress plugins utilizing Custom Post Type such as hotel booking plugin, tours, and travel reservation plugin, online events ticketing software, season passes applications, Quizzes, Surveys, etc.

I have experience with various plugins such as FedEx, Elavon, Authorize.net, W3 Total Cache, Woocommerce subscriptions, Elementor, Yoast SEO, ACF, Custom Fields.

I Integrated WordPress REST API with React JS, using Axios, Materials-UI, Ant-d, and also developed an AngularJS Project.

In the last 3 years, I have built WordPress web applications. Designed and developed Themes, Plugins, Widgets, and Templates. Expertise in WP_Query, Taxonomy and Meta Query, Actions, Filters Hook. I have recently learned React JS and Integrated WP REST API with it.

I have added a link to my portfolio and recent work I have done at the bottom of this email. Please visit my portfolio for more.
