

Dear Hiring Manager,

My name is Karandeep Virk. I have recently moved to Vancouver from Kelowna. I have 3 years of working experience at Navigator Multimedia Kelowna BC, CANADA as a Web developer and designer.

I have expertise in modern web development technologies such as React, Angular, WordPress development, PHP, AJAX, MySQL, JavaScript, SASS. I've built applications for consultants, hospitals, realtors, and dozens of other businesses.

I have developed WordPress Themes, Plugins, Widgets, and Templates from beginning for different businesses and stakeholders such as Hotel booking plugin, Tours and Travel reservation, Online events ticketing software, Season passes applications, Quizzes, Surveys utilizing WP Custom Post Type, WP\_Query, Taxonomies and Meta Queries, Actions, Filters, and Hooks.

I have developed 3 projects with React JS using Axios, Materials-UI, Ant-d, and also developed an AngularJS project. I have experience Integrating WP REST API with React JS.

I have integrated different payments REST APIs such as PayPal Pro, Stripe, Paypal Standard with different applications using raw API calls. I have expertise in WP plugins such as FedEx, Elavon, Authorize.net, W3 Total Cache, Woocommerce subscriptions, Elementor, Yoast SEO, ACF, Custom Fields.

My goal in life is learning and grasping knowledge not limited to learning syntax, but every aspect of the software development life cycle whether it is designing or testing. I am aware of every technology in computer science that is emerging.

I respectfully submit my resume for your review and request a meeting to discuss the opportunity further. I am willing to relocate and I will make myself available at your convenience and look forward to your call to arrange a time. Thank you for your time and consideration.

Yours Sincerely,  
Karandeep Virk
